## RELEVANT EXPERIENCE

---

### Developer – Senior Design Project

Western Michigan University, January 2024 – December 2024

- Collaborating with a team of five to develop HoloLens and mobile/tablet applications using Unity, C#, Flutter, and SQLite for EMT staff to reduce medication errors for pediatric patients.
- Personally responsible for developing the Mobile/Tablet App and integrating real-time data tracking.
- Will present final project results to faculty and industry professionals in December 2024.

## PROJECTS

---

### CWA – Children with Autism Website

Western Michigan University, January 2023 – April 2023

- Collaborated with a team of 4 to develop a fully functional web application using JavaScript, HTML/CSS, and Bootstrap for the Department of Psychology at WMU.
- Designed and implemented a dynamic front-end that allowed real-time data capture for assessing children with autism without verbal communication. [Link](#)

## STUDY ABROAD EXPERIENCE

---

### Santo Domingo, Dominican Republic - Summer 2024

Western Michigan University

CEHD 3050: Seita Scholars Study Abroad

- Explored social justice in education and social service sectors in the Dominican Republic.
- Focused on personal and cultural identity, social relationships, and life skills through the Seven Life Domains framework as well as engaged in government, and social service agency visits.
- Completed reflective assignments and a final project demonstrating academic and personal growth related to the course. [Final Project](#)

## LANGUAGES

---

- **Persian:** (Native)
- **English:** (Fluent)
